A photograph of a man and a young boy working on the engine of a car. The man, wearing a blue and white striped shirt, is leaning over the open hood of the car, focused on the engine. The boy, wearing a light blue polo shirt, is sitting on the ground next to the car, holding a red tool. The background is a soft-focus green field, suggesting an outdoor setting. The image has a warm, golden-hour light.

## Heritage

Lucas is a big brand that's been growing its business for 140 years.

It doesn't rest on its heritage – it builds on it. And it's still growing. That's why it's the longest continuously trading auto part brand in the world. And that's why ECOBAT Battery Technologies is proud to have established a long and successful partnership with Lucas for the supply of premium quality batteries.

## Premium Power

Lucas batteries are built to the very highest specification to meet the demands of today's automotive industry. Modern vehicles require premium performance in order to fulfil the electrical requirements of their increasingly sophisticated technological features.

The Lucas battery brand promises this high quality performance, no matter how harsh the conditions and that is why drivers trust Lucas to deliver power they can rely on. The diverse range covers much more than just the automotive market, with batteries specifically designed for many applications including marine, industrial, leisure, mobility and golf.

Trust **Lucas**

## The Lucas Range

The portfolio includes Classic, Premium and Supreme ranges for cars, complemented by a maximum power offering for commercial vehicles and cutting edge technology in the Fusion (AGM) range. Lucas brings guaranteed Original Equipment performance across its comprehensive range of batteries, all fully guaranteed.
